SYNOPSIS

It was on my very first visit to Devon about nine years ago when I spotted this row of houses while out walking over the cliffs. Usually I get an idea that just passes, but this one wouldn't, and I knew I had to own one. In fact, I was so obsessed with them it was like I was in my own dream world. They're not even pretty houses, but it was the location that I fell totally in love with. It wasn't long after my trip that I decided to put notes through all the letter boxes asking owners if they ever wanted to sell up to 'please let me know'. And then I waited.
