

EMILY MACEY KITCHEN MAKEOVER (Feature: 5011)

Faced with no builder and rising costs, Emily and Benj Macey took on the roles of builder and project manager to create the perfect kitchen-diner.

Location: Bristol, UK

SYNOPSIS

After knocking down the internal walls to create a large kitchen diner-cum-living area, Emily and Benj Macey added glass doors and a picture window to let the light flood in. They then painted the whole space white; made and installed a bespoke kitchen and then Emily filled the room with vintage finds, inherited furniture and prints collected from local artists.
